

WEALTH FOR THE COMMONGOOD

October 26, 2009

Petition: "I Will Pay Higher Taxes to Invest in My Country"

We, the undersigned, call on Congress and President Obama to immediately reverse the Bush-era tax cuts for those of us with taxable incomes over \$235,000. The increased revenue, an estimated \$43 billion, should go toward making long overdue investments in education, health, transportation, infrastructure, and green energy systems.

This is a complete list of signers, including 275 people who would pay the tax:
